## Emerging Scholars' Day '19

September 5, 2019 at University of Graz, Austria

### Purpose of the Day

In response to the positive feedback we received from previous Emerging Scholars' Days (ESD), this is the sixth year that this special event will take place. The event is held on the day before the main GSFL Roundtable. This gives participants a chance to get to know one another in a smaller, relaxed, cooperative learning environment.

The events scheduled for the ESD '19 have been designed for FP and FL students as well as academics and practitioners who are relatively new to the fields of Forensic Linguistics and Forensic Phonetics.

The 2019 schedule covers a range of topics — many of which were expressly requested by past attendees.

**TO SIGN UP FOR THIS EVENT**, simply email GSFL President Dr. I. M. Nick ([mavi.yaz@web.de](mailto:mavi.yaz@web.de)).

Please note, space is allocated on a first-come-first-served basis; and placement is only guaranteed once payment has been received in full.
